city of del mar memorandum

To: CITY COUNCIL
From: CITY MANAGER
Subject: DISCUSSION AND RECOMMENDATION FOR ADJUSTING TO PROPOSITION 13

Date: June 8, 1978

Because of (1) the overwhelming 2-to-1 passage of Proposition 13; (2) the most recent intention of the Board of Supervisors, as expressed through the County Administrative Officer, for distributing the 1% limit property tax revenue for the coming fiscal year; and, (3) the apparent confusion and lack of direction of the State Legislature for any relief in the form of replacement revenues, the City now faces the probability of the "worst case" effects of the Initiative.

In short, there is a likelihood that the City will not receive any property tax revenue in the coming year except for previously issued G.O. bonded debt service. The most prudent fiscal approach for meeting this prospect is to prepare for the coming fiscal year by assuming there will be neither property tax nor State replacement revenues and maintaining a balanced budget by spending within the predictable ~~available~~ revenues.

Uncertainty on the methods for implementing Proposition 13 is rampant. ^{No one} now has any reliable prediction on the various issues or questions raised by the Initiative. There will be numerous approaches suggested by the legislative, judicial and executive branches of the State government as well as at the city and county level. It is entirely possible that it will take more than a year to resolve the many ~~un~~ ^{12/1/1978} detailed issues for implementing this measure.

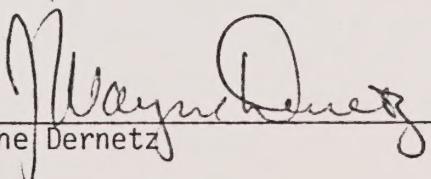

Throughout all of this, however, the message and mood of the voters seems quite clear. It is unlikely any of the branches of government will resist that message. The challenge of spending within predictable revenues for the fiscal year beginning July 1 and assuming there will be no property tax or replacement revenues requires that we identify a combination of expenditure reductions and/or alternate funding sources amounting to \$349,000. Last May 30, I presented a report outlining the apparent alternatives for meeting this "worst case" contingency. Although a few added possible alternatives were suggested, as yet none of these are predictable. Having further studied these alternatives since June 6, I have prepared recommendations for the City Council's consideration.

The list of recommended cuts, program deletions and reallocations of other funds may seem harsh to some. They are intended to provide the base line for the City Council. In preparing these recommended cuts, I have had the following points in mind:

City Council
June 8, 1978
Page Two

1. Identifying and obtaining alternative revenues will take time and, under Proposition 13, may be difficult.
2. As alternative or replacement revenues can be identified, the City Council may desire to restore these program deletions or reductions.
3. The City Council may rather want to "spend down" available reserves to maintain service levels for as long as possible, where possible.
4. Some changes in spending level are more easily achieved than others because of variables in lead-time required, seasonal fluctuations, the nature of the work affected and other factors. A decision whether to delete, reduce or reorganize a program is based on these factors.
5. The City's legal responsibility to meet various state and federal mandates continues, Proposition 13 or no.
6. It is usually less "painful" to cut drastically now and restore later, if possible, than to cut by degrees over an extended period of time.
7. And finally, for various reasons, some who voted in favor of Proposition 13 may also oppose any cuts in services.

In any adversity, there is the opportunity for constructive changes. Hopefully, through this process of adapting to Proposition 13, we will find and focus on those opportunities.

J. Wayne Dernetz

GENERAL SUMMARY
PLAN FOR PROP. 13 BUDGET CHANGES

<u>Property Tax Revenue Loss:</u>	\$ 349,000
From amount estimates at 5/24, assumed tax rate of 92¢ on A.V. of 108% of current	
 <u>Prop. 13 Budget Adjustments:</u>	
Program cost reductions:	101,434
Reallocation of revenue sharing, admissions tax and construction tax	177,847
New revenues (planning fees and const. tax)	50,259
Loss of Increase to Reserves	<u>19,460</u>
 TOTAL	<u>\$ 349,000</u>

RECOMMENDED PROGRAM CHANGES FROM COUNCIL REVIEW

<u>Program</u>	<u>5/23 Council Review</u>	<u>5/30 Prop. 13 Alternatives</u>	<u>6/12 Prop. 13 Recommendation</u>
401 City Council	\$ 6,645	\$ 5,395	\$ 5,245
402 City Manager/City Clerk	75,654	74,404	71,993
403 Legal Services	34,500	33,250	34,500

EXPLANATION OF PROGRAM COST REDUCTIONS

1. Services Deleted

423	Beach Animal Regulation: Provides supplemental services for dog ordinance enforcement on beach; can rely on county services supported by license fees; beach lifeguards and Sheriff.	\$ 4,460
435	Beach Berm: Discontinue maintenance of protective sand berm at beach front; consider assessment district for costs of continued maintenance.	3,400
437	Beach Erosion Survey: Request Scripps Inst. to continue study and survey; seek donations or grants.	1,982
411	Support to community programs: Delete support to Meals on Wheels, cultural events, effective 7-1-78. Delete support to Chamber of Commerce and Day Care Center, effective 1-1-79 unless alternate revenues located.	9,294

2. Services Reduced

401	City Council: Reduced travel, supplies and mtg. expense.	1,400
402	City Manager: Reduced travel, temporary clerical, training and education expense.	3,661
405	Finance Services: Reduced meetings and travel, some supplies.	804
431	General Maintenance Services: Eliminate vacant position; defer fixed asset purchase; delete temporary clerical and laborer salaries; reduce operating supplies.	18,863
425	Lifeguard Services: Two alternative approaches result in approximate same cost reduction. (a) Layoff Lifeguard Lt., effective 8-1-78; maintain seasonal and temporary salaries at 85% of current levels. Has minor effect on service. (b) Maintain permanent personnel at current salary levels; reduce temporary and seasonal guards in salary and hours. Makes significant reduction in service level. Also, defer replacement or repair of one vehicle; operate TR Lifeguard program strictly on self sustaining basis; eliminate free tide books and other handout materials.	28,133

422 Fire and Emergency Services: \$ 32,840
Delete (1) Firefighter position and (1) Deputy Chief
position; effective 8-1-78.

Reduce reserve program from 15 to 8 positions; increase
reserve fire call fee to encourage response.

Remove ladder truck and (1) backup vehicle from maintenance.

Restore duty hours from 60 to 72 per week (same level as
1974-1975) to maintain 3 member fire and emergency response
crew.

Basic services levels will be maintained.

REVENUE REALLOCATIONS

1. New Revenues to be added 7-1-78

406 Program Planning Development
 407 Land Use Reg. and Enforcement
 408 Local Coastal Plan

No
 Reduction

All Planning services will be rebudgeted to become nearly self sufficient. However, budget levels are now at minimum level to maintain current services.

Revised budgets are submitted as follows:

406 Program Planning	\$ 24,992
407 Land Use Reg.	54,360
408 Local Coastal Prog.	<u>36,385</u> ✓
TOTAL	<u>\$115,737</u>

Revenues to support these programs are identified as follows:

	<u>Current Estimate</u>	<u>Recommended Levels</u>
Construction Tax (1)	\$ 30,800	\$ 43,120
Permits and Processing Fees	13,875	48,425
State Grant	<u>24,992</u> ✓	<u>24,992</u>
	\$ 69,667	<u>\$ 116,537</u>

(1) NOTE: The City's Construction Tax is now levied at 25¢/s.f. and allocated to the Open Space Fund. I recommend this tax be raised to 35¢/s.f. and used to support these programs.

See
 ATTACHED
 SHEETS

2. Admissions Tax \$ 114,386

Presently, 40% of estimated admissions tax revenues are allocated to the Open Space Fund. This amounts to \$114,386 at current estimates. Only \$67,483 is budgeted and \$ 61,483 provides for g.o. bond debt service.

I recommend the entire admissions tax revenue (along with the construction tax for planning services) be reallocated to the general fund.

The Open Space debt service can be placed on the property tax rate, exempt from Proposition 13 limitation. This would result in a tax rate now estimated at 24¢ above the \$4.00 rate anticipated to be levied by the county.

3. Revenue Sharing 30,721
